ShaliDrain 08

High Density Polyethylene Dimple Sheets for Water Draining

STP Limited

Material Safety Data Sheet

Identification of the substance/preparation and of the company/undertaking

Trade Name	**ShaliDrain 08**
Intended Use	Protection and drainage of foundations and face walls
Company Name	**STP Limited** 43 Nehru Place 707 Chiranjiv Towers, New Delhi 110019, India Phone : +91 11 4656 1359 Fax : +91 11 4656 1358
Emergency Information	Phone : +91 81302 98888 Fax : +91 11 4656 1358

[1] Composition / information on ingredients

No classified ingredients or those having occupational exposure limits, present above the level of disclosure.

[2] Hazards Identification

Inhalation	Move affected person to fresh air at once. Rinse nose and mouth with water. Get medical attention if any discomfort continues.
Ingestion	Exposure is not likely to occur by this route of entry under normal use of the product.
Skin Contact	Remove affected person from source of contamination. Remove contaminated clothing. Wash skin thoroughly with soap and water. Get medical attention if any discomfort continues.
Eye Contact	Remove any contact lenses and open eyelids wide apart. Continue to rinse for at least 15 minutes. Continue to rinse for at least 15 minutes. Get medical attention if any discomfort continues.

[3] First-aid Measures

Inhalation	Remove to fresh air. Give oxygen / artificial respiration if needed. Consult Doctor.
Ingestion	Do not induce vomiting. Give plenty of milk or water. Consult Doctor.
Eye Contact	Flush with copious clean water minimum 15 minutes ensure thorough irrigation. Consult Doctor.
Skin Contact	Remove contaminated clothing. Apply proprietary skin cleaner, then wash with copious soap and water. Apply skin cream.

[4] Fire-fighting Measures

Extinguishing Media	Dry powder, CO_2, Earth, Sand, water fog.
Special Fire Fighting procedures	Wear self- contained breathing apparatus, Full protective clothing. Spray drums with Water to keep cool.
Protective action during fire fighting	Fight fire from safe distance and protected location.

[5] Accidental Release Measures / Spills and Leaks

Methods of cleaning up	Avoid generation and spreading of dust. Collect and place in suitable waste disposal containers and seal securely.

[6] Handling & Storage

Precautions for safe handling	Avoid spilling. Avoid contact with skin and eyes.
Storage precautions	Store in tightly-closed, original container in a dry, cool and well-ventilated place.

[7] Exposure Controls / Personal Protection

Respiratory Protection (Type)	No specific recommendations. Protection against nuisance dust must be used when the airborne concentration exceeds 10 mg/m^3.

[8] Ventilation

Local Exhaust	Ensure adequate ventilation to comply with OEL.
Protective Gloves	Rubber, PVC
Eye Protection	Safety goggles Long sleeved overalls

[9] Physical & Chemical Properties

Appearance	Black solid
Odour	None
pH	N/A
Boiling Point/Boiling range °C	N/A
Bulk density, kg/m^3	890-990
Vapour pressure, mm Hg	N/A
Melting Point /Freezing point	N/A
Water Solubility	N/A
Viscosity	N/A
Percentage Volatile by volume %	N/A
Evaporation Rate (Butyl Acetate=1)	N/A
Flash Point °C / Method used	N/A
Lower Explosive limits	Not considered to be explosive
Upper Explosive limits	Not considered to be explosive

[10] Stability & Reactivity

Stability	Stable under normal conditions
Conditions to avoid	Dry product is combustible
Incompatibility/Materials to avoid	Avoids powerful oxidants and fluorine
Hazardous Decomposition Products	No data
Hazardous Polymerization	No data available

[11] Toxicological Information

No information available on this product

[12] Ecological Information

The product is not expected to be hazardous to the environment. Also not expected to be bio-accumulative.

[13] Disposal Consideration

Dispose of waste to licensed waste disposal site in accordance with the requirements of the local Waste Disposal Authority.

[14] Transport Information

Class	The product is not covered by international regulations on the transport of dangerous goods (IMDG, IATA, ADR/RID).
UN Number	N/A
UN Proper Shipping name	N/A
Packing group	N/A
Transport hazard class(es)	N/A
Environmental hazards	N/A
Special precaution	N/A
Label	N/A

[15] Regulatory Information (Risk & Safety Phrases)

R10	N/A
R40/21	N/A
R51/53	Toxic to aquatic organisms, may cause long-term adverse effects in the aquatic Environment
S24	N/A
S36/37/39	Wear suitable protective clothing, gloves and eye / face protection

[16] Other Health & Safety Information

Recommended uses and restrictions: See below
Source of key information used to compile SDS, CHIP regulations 1994. EH40
If this product is re-distributed and re-formulated for sale, details of its hazards and recommended methods for safe handling must be passed to customers. Customers are urged to ensure that the product is entirely suitable for their own purpose. It is the customer's responsibility to ensure that a suitable and sufficient assessment of the risks created by a work activity using this product is undertaken before this product is used.

Note

The information contained in this Safety Data Sheet does not constitute the user's own assessment of workplace risk as required by other Health & Safety Legislation (e.g. the Health and Safety at Work Act, 1974; the control of Substances Hazardous to Health Regulations, 1988). The data given here is based on current knowledge and experience. The purpose of this data sheet is to describe the products in terms of their safety requirements. The data does not signify any warranty regarding the product's properties.
